

Community Concierge Project

Collaboration: City of Kawartha Lakes, Peterborough and the Kawarthas Economic Development, Trent University

EDAC Award Submission:
Community Collaboration

Photo: The “team” behind the Community Concierge Team who continue to support the pipeline of talent retention in the Kawartha Lakes and Peterborough and the Kawarthas region.

This photo was taken at the March 24, 2023 Celebration event that showed how integrated the project is, connecting all parts of the university to with our economic development work across the region.

In this photo, MPPs, university administration, project, Mayor and Councilors, and economic development staff.

I am so incredibly proud and grateful for the hard work our **Trent University** Community Concierge Program intern, **Angela Mark** has performed on Indigenous Women's Entrepreneurship at **Kawartha Lakes CFDC** and Launch Kawartha over the past few months. This study is the "first research of its kind conducted directly on the traditional territory covered by the Williams Treaties", with the findings informing future Indigenous entrepreneurship programs.

Angela's research is integral to the work we do at the Kawartha Lakes CFDC and will help us support Indigenous women entrepreneurs with culturally appropriate marketing, considerations, mentorship, and funding opportunities.

Thank you to Professor **David Newhouse** at **Trent University** (pictured here) for your guidance, knowledge and support in this endeavour!

This meaningful research will play an important role in our Truth and Reconciliation, and we are excited to implement Angela's findings in all that we do at the KLCFDC. Please help us congratulate Angela on completing her research and internship, and stay tuned to learn how we plan to implement these findings to make lasting change. Very exciting things on the horizon!

Congratulations **Trent University!**

For the past 6 months, we've been working with our incredible colleagues at Trent and PKED to encourage recent and emerging grads to find careers in our communities, and develop a pipeline of talent for our local businesses. More to come. What an excellent academic institution to be working with!

This is the project I have been working on with **Ryan Sisson, Louise Campbell B.A. CAPM, Kate Roberts, R.S.W, and Sarah Khaki** and the fantastic team at **Trent University Careerspace** and the **Trent Community Research Centre!** Take a look at how we are influencing experiential learning for students, job hunting for graduates and helping employers get high quality talent - consistently!

The support from organizations and businesses the City and County of Peterborough and the City of Kawartha Lakes has been phenomenal. I am looking forward to what the new year brings!
