Slow Your Roll

Welcome to Huron County. We're serving country living realness. Nothing too fancy, more of a favourite jeans paired with an old t-shirt in bare feet kind of a vibe. Oh, you'll definitely find lots of nice things and quality places while you're here, but pretentiousness and fancy airs are not how we roll. In fact, we prefer to keep it simple.

That Huron County feeling is easy—easy like Sunday morning—but all day long and every day. Picture yourself with a cup of coffee in hand, no plans, nowhere to be, just taking it all in as it comes. Maybe you'll want to spend the day at the beach—it's a wasted Canadian summer if you don't do that at least one or two days! Or go for a nice hike under a canopy of trees, have a drink on a patio with old friends, or pick up the tastiest produce for dinner at the local Farmers' Market. These are just a few suggestions of what you can do while visiting Ontario's West Coast.

So breathe a little deeper, relax a little longer... we've got what you need to slow your roll in Huron County.

Thanks for visiting.

Go Jump in a Lake

Lake Huron to be specific. “Life is Better at the Beach”, a million folksy cottage signs declare. If it’s that sign-worthy, you know it’s true. Ontario’s West Coast has 100 km of Lake Huron shoreline and 15 sandy beaches to dig your toes into. Spread out a blanket and soak up some rays, and let the stress melt away. Warning: excessive use may result in beach hair and pink glowing skin.

Cool off here:

Goderich offers a choice of three different beaches. The **Main Beach** is a large sandy beach featuring a boardwalk, snack bar and playground. **Rotary Cove**, a crescent shaped beach is shallow and sandy, and **St. Christopher’s Beach** offers sun and shade with rocks to perch on.
www.exploreghoderich.ca/stories/goderich-beaches

The Main Beach and Rotary Cove are equipped with Mobi-Mats that allow someone using a mobility device to roll or walk right on top of the sand from the parking lot almost to the edge of the water.

Ashfield Park is a hidden gem on Ontario’s West Coast. The 15-acre park is an ideal location to host your get-together or picnic and allows you to get away from the busier beaches. Just follow the winding road down to a breath-taking white sand beach.
www.acwtownship.ca/residents/recreation-facilities/parks/ashfield-park

Bayfield Pier Beach has drive up access, public washrooms and parking. Located next to the Marina, you can enjoy a stroll on the pier, a freshwater swim or just take in the sunshine on the large sandy beach.
www.villageofbayfield.com/beaches

The very popular **Port Blake Day Park** is located just north of Grand Bend and offers a sandy beach, washrooms and picnic shelter. An admission fee is required for entry.
www.southhuron.ca/en/things-to-do/parks-and-trails.aspx

Road Trip: Huron East

Experience history in Huron East. Seaforth and Brussels have beautiful commercial architecture and stately Victorian homes. The Van Egmond House, a Country Manor House built in 1846 has been carefully restored and now operates as a museum in Egmondville. During World War II, the Royal Canadian Air Force (RCAF) had a station in Vanastra that was used to train and supply over 7,000 radar technicians and support staff for American, British and Canadian forces.

Fun Fact

There's something about Huron-East and Hockey that creates great players. Ten NHL players grew up in or played for Huron East Teams. Enough to have their own NHL Huron East Team. Visit the hockey mural to see some of the greats.

A historical whodunit. Visit the Arson Map in downtown Blyth and come up with your own theory on who the arsonist was that burnt down 31 buildings in the village from 1900-1901.

Road Trip: Morris-Turnberry

Take a trip to the country. The Municipality of Morris-Turnberry is our most agricultural municipality. A patchwork quilt of crop fields, cows grazing in pasture, and pretty as a picture farmsteads. This is where you'll encounter the real-deal rural farming way of life.

What's the Buzz?

We care about the bees and trees and all the important things. We've got plenty of EV chargers. We have fresh water beaches and marinas. We promote plastic free communities. We shop local. We tread lightly on our trails. We take care of this place like it's our home, because that's what it is.

Make yourself at home in Huron, but please, think about the bees, and act responsibly while you're here.
