EMPLOYER SERVICES

Are you a local manufacturer?

RapidSkills is a series of eight micro-credentials designed to prepare people for advanced manufacturing careers.

If you are looking to hire people with a demonstrated drive to advance their skills and commitment to grow with your organization, consider hiring a RapidSkills graduate.

In addition to providing skills training, Georgian College can:

- Promote your job openings
- Pre-screen and refer qualified candidates
- Facilitate your next job fair

RapidSkills micro-credentials are also available to your current staff who are ready to take their career to the next level with training in state-of-the-art facilities. This is available at no cost to you as an employer.

Industrial Automation | MICRO-CREDENTIAL

Explore the fundamentals of modern automation.

RapidSkills consists of eight micro-credentials, which are short-term, competency-based, industry-recognized certifications. The program is a response to sectoral-focused feedback designed to upskill workers.

Overview:

- Three-module, 96-hour micro-credential
- Explore the fundamentals of modern automation, progressively learning more advanced control techniques and technology
- Gain an understanding of how devices such as sensors, cylinders, and valves are integrated and controlled by a PLC

Tuesdays, 8 a.m. to noon | Barrie Campus | 15 days

Module 1: Sept. 6, 13, 20, 27 and Oct. 4, 2022
 Module 2: Oct. 11, 18, 25 and Nov. 1, 8, 2022
 Module 3: Nov. 15, 22, 29 and Dec. 6, 13, 2022

60 hours in class
 36 hours online (asynchronous self-study at approximately 2.5 hours per week)

A digital badge will be awarded for the completion of the module.

RapidSkills program tuition and training costs are at no cost to eligible participants and employers.

Leadership in Manufacturing | MICRO-CREDENTIAL

Explore the needs of leaders and managers in today's dynamic manufacturing environment, focusing on everyday management challenges, decision making and problem solving skills.

RapidSkills consists of eight micro-credentials, which are short-term, competency-based, industry-recognized certifications. The program is a response to sectoral-focused feedback designed to upskill workers.

Overview:

- Five-module, 30-hour micro-credential
- Interactive lecture style classes with supplemental online/asynchronous material
- Build a solid foundation and broad business knowledge base of management with focus in manufacturing
- Develop both operational management and leadership skills
- Learn to motivate, inspire and lead the team to success
- Understand your team's work environment and improve individual performance

Fridays, 9 a.m. to 4 p.m. | Barrie Campus | 5 days | 5 modules

Oct. 7, 28, Nov. 25, Dec. 9 and Jan. 6
 Plus up to two hours of Asynchronous Online Work per week

A digital badge will be awarded for the completion of the module.

RapidSkills program tuition and training costs are at no cost to eligible participants and employers.

ABOUT

About RapidSkills micro-credentials

Delivered in a fast and flexible format, RapidSkills micro-credentials are short-term, competency-based, industry-recognized certifications. The RapidSkills micro-credentials presented by the City of Barrie and Georgian College are specific to the manufacturing sector and focus on key skill areas that have been identified as valuable by local manufacturing employers.

About the Skills Development Fund

The Skills Development Fund (made possible by the Government of Ontario) is a way to address skills development and labour shortages within the manufacturing sector by offering educational opportunities at no cost to the participant. Through this, the Skills Development Fund will help job seekers find a career path in the manufacturing sector with top local employers, and help existing employees in the manufacturing sector upskill.
