TRAIN IN TECHNOLOGY CAREER EXPO

March 27, 2018
Barrie Molson Centre
555 Bayview Drive
Barrie, Ontario

event guide

EVENT PARTNERS:

MESSAGE FROM THE PARTNERS

Message from the Organizing Partners

The cities of Barrie and Orillia, the County of Simcoe, Georgian College and the Simcoe County District School Board welcome you to the 2018 Train in Technology Career Expo. The Expo showcases tech-related career and education opportunities, and demonstrates in a hands-on fashion how local businesses are using technology in intriguing ways. The 2018 Expo has a special focus on mathematics to help people understand the importance and how it applies in a career setting such as data analytics, artificial intelligence, and in robotics.

The companies and educational institutions here today are committed to building a strong, technologically driven workforce for the future, and are excited to be front and centre to students making critical career path decisions, people investigating career changes, as well as job seekers. Many companies here today hope to identify new and potential hires, from full-time to co-op placements and internships.

Thank you to our sponsors and exhibitors for committing their time and resources to participate in the Expo and helping to build the future workforce needed to keep our local communities thriving. Please explore the Expo and see how amazing technologies are shaping the future.

Sincerely,

Jeff Lehman,
Mayor City of
Barrie

MaryLynn West-Moynes,
Georgian College
President & CEO

Steve Clarke,
Mayor City of
Orillia

EXHIBITORS

Advanced Motion & Controls Ltd.

Advanced Motion & Controls Ltd. has been serving industry since 1986, as a major Canadian distributor of factory automation products. Headquartered in Barrie, Ontario with regional offices in Mississauga, Cambridge and Laval Quebec. We service our customers with a variety of quality automation product lines including mobile and collaborative robots and a selection of end-of-arm tools to help your company improve manufacturing efficiency.

www.advancedmotion.com

Barrie Construction Association

The Barrie Construction Association evolved from the Barrie Bid

Depository and Plans Room, which has been operating since the early 1950's. In the spring of 1987, an idea was put into motion to open a construction association, which would address the needs of the ICI sector in the area. By August of 1991, we had become incorporated as The Barrie Construction Association and in a few short years we have grown and expanded to over 400 members. Our Membership base is made up from all facets of non-residential construction and related businesses. As we continue to grow our goal is to become the voice of ICI Construction in the Simcoe County Region.

SANDBOX

Centre For Shared Entrepreneurship & Innovation

SANDBOX CENTRE FOR SHARED ENTREPRENEURSHIP & INNOVATION

Located in the heart of downtown Barrie and overlooking beautiful Kempenfelt Bay, the Sandbox Centre For Shared Entrepreneurship & Innovation will be the consolidated home of a wide variety of services available to entrepreneurs. Opening in fall of 2018, it will be a knowledge sharing space where collisions and collaboration will accelerate growth and where innovation is both taught and nurtured.

tandempark

Tandempark

Tandempark is a volunteer network that helps people who care about their community discover, connect, and engage with meaningful volunteer opportunities so we can all work together to strengthen and enrich our communities. Our volunteer engagement platform helps non-profits recruit, manage, and communicate with their volunteers so they can lead their teams and tackle the challenges they see in their community.

www.tandempark.org

The logo for Western Mechanical, featuring the word "Western" in a bold, blue, sans-serif font. The letter "W" is significantly larger than the other letters and has a stylized, geometric shape above it.

Western Mechanical

Since Western's early beginnings in 1979, the focus of the company has always been to deliver world-class industrial contracting services, which exceeds the expectations of our global customer base. This focus has been the primary reason for the company's continued growth and success in the areas of millwrighting, mechanical contracting, electrical contracting, civil works, heavy lifting and heavy transportation. We understand and appreciate the heavy equipment, plant services or unique structures our customers entrust to our care are critical to their operations. As such, our staff employs the same care and respect in each and every project we undertake on their behalf.

www.westernmechanical.net

Trinity Mobile Application Technologies Inc

Trinity Phones App is an innovative mobile application for iOS iPhone, BB10 Blackberry and Android smartphones. It creates the functionality of multiple telephone numbers on a single smart phone without the use of any expensive Data Plan and without the use of a Wifi connection. It is not VoIP either and utilizes your voice network connection to make and receive telephone calls. It works on any North American cellular carrier and is a subscription monthly service for as low as \$10 USD per month per Trinity telephone number. In addition one single Trinity telephone number can be utilized by up to 25 employee users for both inbound and outbound calling simultaneously.

Trinity operates a local Tourism Information radio station CKEY 98.5 FM in Barrie to give back to the community.
